

IDLERS, ROLLERS & SPROCKETS

DuraTrack[®]

A comprehensive range of durable idlers, rollers, sprockets and sprocket segments are available from stock to fit most makes and models of excavators, dozers, crushers, screeners and other tracked machinery.

- **Cast idler assemblies come complete with heavy duty seal groups, shafts and brackets.**
- **Rollers are designed for guaranteed performance for each application and are manufactured with reinforced flanges and heavy duty seals for increased wear life and reliability.**
- **Sprockets are manufactured from cast steel with the external tooth profiles deep induction hardened in excess of 50RC. Segments are forged and through hardened for extended wear life.**
